ISSF President Letter

On behalf of the International Shooting Sport Federation - ISSF - I want to thank the management and everyone who created and organized the Asaka Shooting Range. The facility was comfortable for athletes, coaches and everyone present at the shooting range.

357 athletes representing 100 nations from 5 continents took part in the Olympic Games in Tokyo, and it proves the popularity and versatility of our sport. The athletes, despite all the difficulties, won the quotas, came to the Olympics with their full complement and made us happy with their excellent results.

Shooting showed an absolute gender equality by including Mixed Team events into Olympic program.

We can enjoy unique moments in Tokyo. For example, San Marino, whose athletes won 2 medals for the first time at the Olympics. Athlete from the ROC team Vitalina Batsarashkina won 3 medals at once, 2 of them are Gold. And Nino Salukvadze from Georgia took part in the 9th Olympics - it happened for the first time in the history of Olympic Games.

I would like to express my gratitude to the Government of Japan, all the Ministries responsible for sports in the country, the Tokyo 2020 Organizing Committee, volunteers, those who took part and created a real celebration, and above all for us, shooting sport.

I wish everyone not to be satisfied with what has been achieved already and keep on moving forward, to pursue new goals and to conquer new peaks.

See you in Paris 2024! Thank you!

The ISSF President
Vladimir Lisin

Competition Format and Rules

Olympic competition format

The Tokyo 2020 Olympic Games shooting competition is made up of 15 events – six for men, six for women and three Mixed Pairs. Athletes contest three different disciplines, with five events for rifle, five for pistol and five for shotgun.

DISCIPLINES	MEN'S EVENTS	WOMEN'S EVENTS	MIXED TEAM EVENTS	TOTAL EVENTS
RIFLE	-50m Rifle 3 Positions -10m Air Rifle	-50m Rifle 3 Positions -10m Air Rifle	-10m Air Rifle	Five
PISTOL	-25m Rapid Fire Pistol -10m Air Pistol	-25m Pistol -10m Air Pistol	-10m Air Pistol	Five
SHOTGUN	-Trap -Skeet	-Trap -Skeet	-Trap	Five
TOTAL	Six	Six	Three	Fifteen

Each event consists of a qualification phase and finals.

Rifle and Pistol events

Qualification

Each individual event starts with a qualification phase, from which the top eight athletes (top 6 in 25m RFP) progress to the finals.

In individual events qualification, athletes fire 60 shots (except 3P Rifle events, when 3 x 40 shots are fired). For all 10m air rifle and Mixed Team 10m air pistol, qualification scoring is done with a tenth ring (decimal) scoring.

In Mixed Team events, qualification is in two parts. In part one each athlete fires 30 shots (60 shots per Team). The top 8 Teams progress to part two, where each athlete fires 20 shots (40 shots per Team). The scores of each team member will be added together and the team results will be ranked. The four (4) top-ranked teams will progress to the Finals.

Teams ranked 1st and 2nd will compete against each other in the Gold Medal-Match. Teams ranked 3rd and 4th will compete against each other in the Bronze Medal-Match.

Finals

Scoring in the finals starts from zero – no scores are carried forward from the qualification phase.

The finals for 10m air rifle men and women, 10m air pistol men and women, consist of two series of 5 shots followed by 14 single shots. Eliminations of the lowest scoring finalists begin after the second single shot and continue after every two shots until the gold and silver medals are decided. Scoring is done with tenth-ring (decimal) scoring. Cumulative total scores in the finals determine the rankings, with ties broken by shoot-offs.

In the Mixed Team 10m Rifle and 10m Pistol Finals, the Bronze Medal Match is held first. Each team member fires single shots on command, decimal scoring. The team with the highest score after each shot has 2 points, 1 point each if a tied score. The first team to 16 points or more wins the match. Then the same procedure for Gold Medal match.

The 25m rapid fire pistol men final consists of eight 5-shot 4-second series with hit or miss scoring (each hit counts one point, each miss counts zero points). The elimination of the lowest scoring finalists begins after the fourth series and continues until the eighth series when the gold and silver medals are decided. The size of the hit zone is within the 9.7 zone on the 25m rapid fire pistol target. The rankings in the final are determined by cumulative total scores (total number of hits), with ties broken according to shoot-off scores.

The 25m pistol women final consists of ten series of five shots with Hit or Miss scoring in standard Rapid Fire sequence. Any shot scoring 10.2 or higher on the 25m Rapid Fire Pistol target counts as a hit. Eliminations of the lowest ranking Finalist begin after the 4th series and continue after each series until the Bronze medal (after the 9th series) and Silver and Gold medals (after the 10th series) are decided. If there is a tie for the lowest ranking Finalist to be eliminated, the tied Finalists will fire additional tie-breaking series until the tie is broken.

Shotgun events

There are five shotgun events – Trap (men and women), Trap Mixed Team (one man and one woman) and Skeet (men and women). Shotguns differ from rifles and pistols in that they are smooth bored rather than "rifled," and they fire a number of pellets rather than a single projectile. The maximum effective range for clay target shooting is considered to be about 50m.

The athletes stand on designated stations to shoot at clay targets that are released on or after the athlete's command. A "hit" is declared when the target is shot at and at least one visible piece is seen by the referee to fall from it. During the finals, if powder emerges from the target after a shot it will be declared as a "hit".

Event	Number of targets		
	Individual men	Individual women	Mixed Team
Trap (in rounds of 25 Targets)	125 + finals	125 + finals	75 each athlete + finals
Skeet (in rounds of 25 targets)	125 + finals	125 + finals	-

The jury, in conjunction with the organising committee, and with the approval of the Technical Delegate(s), may adjust the squadding draw in accordance with the International Shooting Sport Federation (ISSF) squadding requirements.

The shooting order of the squads, and the shooting order within the squads, must also be changed from day-to-day by the organising committee under the supervision of the jury.

The full programme must be fired in each Olympic event as a qualification for the finals. The six highest-ranking athletes in the qualification round advance to the finals.

Finals.

Trap.

Starting positions in the finals are assigned according to the Qualification ranking. New bib numbers (1-6) will be issued. In Finals, athletes will fire in bib number order (lowest number shoots first).

Athletes start at zero. Scores from the qualification are not carried forward. After the first 25 targets the 6th place athlete is eliminated, then after each 5 targets a further elimination takes place until after 40 targets the Bronze medal is awarded. A further 10 targets are fired to decide Gold and Silver medals.

Skeet.

Starting positions in the finals are assigned according to the Qualification ranking. New bib numbers (1-6) will be issued. In Finals, athletes will fire in bib number order (lowest number shoots first).

Athletes start at zero. Scores from the qualification are not carried forward. After the first 20 targets the 6th place athlete is eliminated, then after each 10 targets a further elimination takes place until all medals are decided, the Gold/Silver medal winners firing a total of 60 targets.

Differences between the ISSF World Championships and the Olympic Games

There are 15 shooting events on the programme of the Tokyo 2020 Olympic Games, while the ISSF World Championships has 55. The additional events are 300m rifle events, 50m running target, 10m running target as well as additional events with 50m rifle, 25m pistol, and additional shotgun events. In most events there are four categories: men, women, men junior and women junior. All events at the ISSF World Championships are held in individual and team competitions (three team members).

Changes since the Rio 2016 Olympic Games

In order to achieve gender equality within the Olympic Shooting Events, the ISSF has eliminated three Men's Individual Events, 50m Prone Rifle, 50m Pistol and the Double Trap Shotgun Events. These have been replaced with three Mixed Team Events, 10m Rifle, 10m Pistol and Trap Mixed Team Events. Each Mixed Team consists of one male and one female athlete. This has resulted in each of the three disciplines, Rifle, Pistol and Shotgun, having two Men's events, two Women's events and a Mixed team event.

In 25m Women's Pistol and individual Shotgun Events, there is no longer a semi-final followed by medal matches.

In Shotgun Finals, there are no longer shoot-offs in the event of a tie for positions 3 to 6. Finalists are issued with bib numbers 1 to 6, depending on their qualification score (the highest score has bib no. 1) and the bib number issued to the athlete with the lowest score in qualification is eliminated. Only if there is a tie between the remaining two finalists is there a shoot-off to decide the Gold and Silver medals.

Sport Rules and Procedures

Rifle and Pistol events

Qualification

In qualification, shots are fired at a target, with the number of shots, number of series and allowed time to shoot depending on the event. Qualification scores may entitle an athlete to a place in the finals, but scores are not carried forward.

Finals

The finals (depending on the event) consist of a defined number of shots in a given time limit. For the 10m air rifle and air pistol for men and women events, this consists of two series of five match shots, each fired in a time limit of 250 seconds. This is followed by 14 individual shots, each fired in 50 seconds. After the second individual shot the first elimination takes place (8th position), then a further elimination after every second shot until all medals are awarded, the Gold/Silver medal winners firing a total of 24 shots. In the event of a tie for elimination, a further tie-breaking shot is fired until the tie is resolved.

For the 50m rifle 3 positions for men and women, the first finals competition stage consist of three series (in kneeling and prone position) and two series (in standing position) of five match shots, each fired in a time limit defined in the event rules. The two lowest scoring finalists will be eliminated after the two series in the standing position. The finals continue with five single shots in the standing position, each in 50 seconds, with the lowest ranking athlete being eliminated after each shot until two athletes remain to fire the last shot and decide the gold medal winner. There is a total of 45 finals shots.

For the 25m rapid fire pistol men event, the finals consist of eight 5-shot 4-second series with hit or miss scoring. The lowest scoring finalists will be eliminated, beginning after the fourth series and continuing until the eighth series when the gold and silver medals are decided.

For the 25m pistol women event, the finals consist of ten series of 5 shots, each shot fired within a 3 second exposure with hit or miss scoring. The lowest scoring Finalist is eliminated after the 4th series and a further elimination takes place after each series until the medals are decided.

Deductions for violations occurring before the first match shot will be applied to the score of the first match shot.

Deductions for other penalties will be applied to the score of the shot where the violation occurred.

Shotgun events

Qualifications

The trap event is considered to be shotgun's "long range" contest. Athletes use double barrelled guns because in this event two shots are permitted at each target.

Targets are released from an underground bunker which has 15 trap machines in a straight line below ground level, set to throw targets away from the shooter at various heights, angles and speeds. The athletes shoot in turn from five designated stations set 15m back from the front edge of the bunker roof, and about 3m apart. The athlete does not know from which trap the target will be thrown but all athletes shoot at the same targets at some point during the round.

Skeet for men and women are "short range" events and the guns used must be capable of firing two shots. Athletes shoot from eight different designated stations at a series of "singles" and simultaneous "doubles" from separate trap houses ("high" and "low") situated at each end of an arc of a circle of about 40m diameter. Competitors may fire only one shot per target and must also hold their shotgun stock on or below an official marker tape, which is fixed at elbow level, until the target appears. Targets are released from zero to three seconds after the athlete's call.

The top six competitors in each event advance from the qualification phase to the finals, where the number of shots depends on the rules of the event.

Tiebreak rules

For rifle and pistol events, the ISSF rules for tie-breaking apply to the qualification, but shoot-offs will be held if ties occur during the finals.

For shotgun events, the ISSF rules apply to the qualification (including qualification shoot-offs), however, if ties occur during the finals for places 3 to 6, it is the Finalist with the lowest bib number that is eliminated. Only if there is a tie between the last two Finalists, is there a shoot-off, to decide the medals.

Penalties/disqualification rules

In rifle and pistol events an athlete may lodge a score protest before the next shot in qualification, regarding the value of a shot. If a protest is denied, a two point penalty is incurred automatically. Such protests are resolved by the RTS Jury. No score protests are possible during the finals.

A deduction or penalty must be applied to the score of the match shot/series where the violation occurred. In finals, no score below zero will be recorded (e.g. 3-2 point deduction = 1, 0-2 point deduction = 0).

The most common penalties are -2 points for minor infringements of the rules. Disqualification may result from the failure of rifle clothing to pass the follow-up controls after the competition, or failure of the pistol trigger weight test (too light).

Protests/appeals

In qualification, rifle and pistol events have specified protest/appeal times. Official results are not published until protests and/or appeals, if any, are resolved. At the Olympic Games, preliminary results “subject to protest” may be distributed. Any protest (except shot-score protests, that are not allowed) made in the finals will be resolved by the finals protest jury immediately.
